

Hot Fudge Supreme® Warmer

Supreme® Warmers are NSF-Listed as rethermalization units.

# QUALITY. RELIABILITY. VERSATILITY. IT'S SIMPLY SUPREME.™

Cheese Supreme® Warmer and Chip Server feature new styling.

## SUPREME™ FOOD WARMERS FEATURE SUPERIOR STYLE & PERFORMANCE

- All-new Supreme™ look continues the Server tradition of designing top-quality serving, dispensing and merchandising equipment.
- New, rounded edges, black thermoset plastic tops and brushed stainless steel bodies add style to your operation.
- Interchangeable, full-color magnetic signs make it easy to change products and eliminate the hassle of a lighted unit.
- Adjustable thermostats with degree marks aid in setting precise temperatures, and the water bath design keeps toppings at a desired serving temperature throughout the day.
