

CONFIDENCE

**The longest published warranties
in the cinema industry.**

UP TO 600% LONGER THAN THE LEADING BRANDS OF XENON LAMPS!

LEADERSHIP

MOVING IMAGE TECHNOLOGIES proudly delivers the MXL Series of high performance xenon lamps in sizes ranging from 1000 Watts to 7000 Watts. Leading the industry in technology and engineering innovation, the MXL series is also one of only two xenon lamp series certified for use in IMAX large format installations!

QUALITY

We believe in all of our products and it is with this confidence that we provide a quality assurance warranty unmatched in our industry - *up to 600% longer* than other leading lamp manufacturers!
