

# Value Delivered

## Introducing the new DCP 100

The DCP 100 is part of a new generation of QSC products designed expressly for the needs of D-Cinema sound systems. Delivering the same key features as the DCP 300, the new DCP 100 has been optimized and is perfect for smaller rooms requiring an integrated package of processing, monitoring, and digital crossovers at an affordable price.

Come learn how the DCP 100 will bring value to your D-Cinema needs.
